A Dose of Humor: I want to hang a map of the United States in my house. Then I'm going to put pins into all the locations that I've traveled to in my RV. But first, I'm going to have to travel to the top two corners of the map, so it won't fall off the wall.

Looking Ahead:

March 13–16, 2025 – Region 6 VAC Gathering: Cathedral Caverns Campground, Woodville, Alabama

June 10 - 20 2025 - Future Streamers: Kids On The Blue Ridge Caravan

July 4– 11, 2025 Silver on the Seas National Event Rally

August 23–28, 2025–68th International Rally York, PA

James' Corner

by James Schaal, President

Good Morning everyone! Today is our last full day of the rally and I've loved every minute of it.

I want to wish everyone safe travels as they depart in the morning and it's been a pleasure talking with everyone!

Don't worry, I'll see you all very soon because York is only a few months away and if you had fun with us at this one we will be going even bigger in York! The events that the VAC board are planning will teleport us all back in time.

I look forward to seeing you all down the road.

Did you know?

NASA used an Airstream to quarantine the first men back from the Moon. Afraid that our astronauts might have gotten some exotic disease on their travels, NASA placed the crew in a specially outfitted Airstream trailer until they were convinced there was no risk. It was used from Apollo 11 to Apollo 14 and can still be seen on exhibit today!
